## II. Online Course:-

We, Drs. Raman and Sunita kapur, have tried to assimilate all our knowledge and experience of over 20 years of practice and present it in a form easily accessible, understandable and affordable to doctors. Due to the sustained and ongoing efforts of Dr. Sunita Kapur, who has been working tirelessly towards preparing the content and presentation of the teaching material, our dream of spreading the knowledge of acupuncture has finally come true by the inception of the Institute of acupuncture and natural medicines ( IANM).

Considering the tight schedules of doctors and the inconvenience of travelling ( often across the globe) to china, we have tried to make all our teaching material available through the medium of the Internet. This is the first site of its kind being launched in the world. So, doctors can simply enroll for our course at our website:- < <http://www.icanm.com> >, and learn the science of acupuncture as and when they feel comfortable doing so.

## COURSE STRUCTURE AND PRESENTATION:-

Our site has been created using the latest technology available for the web. The course matter has been presented in well structured dropdown menus that even the most primitive users of computers and the Internet can easily navigate through to get to the information desired.

The concepts in the course have been visualized using the latest animation techniques so as to give the student a clear picture of what lies behind the concepts being taught. These animations are excellent education aids and tax a student's imagination to a bare minimum.

The course been divided into 4 modules starting from the basic concepts behind acupuncture and then building on these concepts to the science of acupuncture, diagnosis techniques, the theory of treatment and methods of treatment.

Throughout the course, a student's progress will be monitored by subjecting him to exams taken midway through a module and at the end of it. The answers to these exams have to be submitted online itself, thus avoiding any postal charges.

## COURSE FEE AND CERTIFICATE REQUIREMENTS

You can register for our course using a simple fill-in form that can be submitted online. The fee for the course is Rs. 20,000 for Indian residents and US\$1000 for foreign residents. Payment for the course can be made through a demand draft, money order, or banker's cheque, drawn in favour of 'Institute of acupuncture and natural medicines' payable at New Delhi .

## PASSWORD ACTIVATION

After you have registered for the course and your payment has been processed, your username and password will be activated. With the help of this password, you will be able to access the contents of course A.  
EXAMS

For all the courses, you will be required to go through a mid-term and a final exam. Only when you have passed the final exam for a course will you be provided access to successive course material.  
QUERIES

While taking the course, if you have any difficulty, you are free to send in your queries to us through the query form, to which we shall reply promptly.  
PRACTICAL TRAINING AND FINAL EXAM

After the successful completion of all the four courses, you will be required to join us in New Delhi , India , for one week of practical training. At the end of the practical training, you will have to appear for a practical exam. Successful students will be awarded a " CERTIFICATE OF TRAINING" by the Institute of Acupuncture and Natural Medicines.

Institute of Acupuncture and Natural medicines is now affiliated with INDIRA GANDHI NATIONAL OPEN UNIVERSITY , which will give a diploma certificate to all the students.
